TADZHIK AFFILIATE ADMITS ASPIRANTS -- Kommunist Tadzhikistana, No 111, 8 Jun 49

The Tadzhik Affiliate of the Academy of Sciences USSR is admitting aspirants in the following fields: geology, roentgenoscopy, physics, soil science, industrial crops, orchard cultivation, feeding of farm animals, pasture cultivation, history and archeology, Tadzhik language, philosophy, and economics.

Applicants must pass entrance examinations in a chosen field, the principles of Marxism-Leninism, and one foreign language. Applications may be filed from 1 July to 1 August 1949. Entrance examinations will be held from 1 August to 15 September.

AERIAL PHOTOGRAPHY INSTITUTE RECRUITS -- Sovetskaya Sibir', No 90, 8 May 49

The Novosibirsk Institute of Engineers of Geodesy, Aerial Photography, and Cartography of the Ministry of Higher Education USSR is admitting students for the fall term. The geodesy department offers training in astrogeodetic and geodetic surface field work. The aerophotogeodetic department trains aerial-photographic geodesists, and the cartography department, cartographers. Admission is open to all who pass examinations on a secondary-school level in mathematics, physics, chemistry, Russian language and literature, and one foreign language. Applications will be accepted until 31 July and entrance examinations begin on 1 August. Apply: 27 Potaninskaya Street, Novosibirsk.

FAR EAST POLYTECH ADMITS NEW STUDENTS -- Krasnoye Znamya, No 118, 21 May 49

The Far East Polytechnical Institute imeni V. V. Kuybyshev is admitting students for the 1949 - 1950 school year in the following departments: shipbuilding, ship machinery and mechanics, technology of machine building, industrial heat engineering, industrial and civilian construction, hydrotechnical construction, timber engineering, geology and prospecting of mineral resources, working of mineral resources, electric power plants, networks, and systems, and electrical equipment of industrial enterprises.

Applications will be accepted until 31 July. Entrance examinations in mathematics, physics, Russian language and literature, chemistry and a foreign language will begin 1 August. Those entering the construction department must take an examination in drawing and drafting instead of chemistry. Applicants who completed school with a gold or silver medal or those who completed technical school with grades of excellent in the upper 5 percent of their class will be exempt from entrance examinations. Classes begin on 1 September. Apply: Commission on Admissions, 10 Pushkin Street, Vladivostok.

MARITIME INSTITUTE ANNOUNCES COURSES -- Morskoj Flot, No 47, 14 Jun 49

The Odessa Institute for Maritime Fleet Engineers, Ministry of the Maritime Fleet USSR has announced the opening of registration for the 1949 - 50 school year in the following departments:

Shipbuilding -- prepares engineers for work in plants, fleets, and ports in designing, construction, repair, and operational control of ships;

Ship machinery -- prepares mechanical engineers in the designing, construction, operational control, and repair of main and auxiliary machinery of ship and shore installations;

50X1-HUM

Mechanization of ports -- prepares mechanical engineers in designing, construction, operation, and repair of hoisting and transport machinery for ports, ships, and construction operations;

Waterways and ports -- prepares construction engineers in planning and construction of maritime ports;

Operation of water transport -- prepares engineers in the organization of maritime transport on ships of the maritime fleet and of freight work in ports; prepares them for work in administration of maritime fleets and ports in operational positions as dispatchers, heads of port sections, services, and departments, and as maritime agents, etc.;

Economics and organization of water transport -- prepares maritime fleet planning engineers for work in fleet administrations, ports; in shipbuilding and ship-repair plants; in scientific, technical, and planning organizations; and in the headquarters of the Ministry of Maritime Fleet.

Applicants of both sexes from 17 to 35 years of age will be accepted upon presentation of the usual documents. Matriculants in the department of economics and organization of water transport must pass examinations in mathematics (oral and written), Russian language and literature (oral and written), USSR history, and geography. Matriculants in other departments must pass examinations in mathematics (written and oral), Russian language and literature (oral and written), physics, chemistry, and a foreign language (English, French, or German).

Applications will be accepted between 20 June and 31 July 1949. Entrance examinations will be given from 1 to 20 August 1949. Courses begin 1 September 1949. Address: 34 Mechnikov Street, Odessa.

ESTONIAN SEAMEN GET PRACTICAL TRAINING -- Sovetskaya Estoniya, No 141, 17 Jun 49

The school year in the Tallin Navigation School has come to an end. Students are being sent out for summer training, which will take place this year on various ships of the Ministry of the Maritime Fleet and in the larger plants of the country.

Twenty-four students of the navigation department are already at sea on ships of the Estonian Maritime Steamship Line, including the Verkhoyansk, Volochayevsk, Yukhan, and other ships. In the middle of August, these students will be replaced by second-course students of the same department.

A large group of future ship's mechanics will receive training under the supervision of the Northern Maritime Steamship Line. Radio technicians get practical training in Riga and Tallin radio plants. A total of 300 students of the Navigation School will receive summer training.

TRAINS FIRE FIGHTERS -- Kommunist Tadzhikistana, No 107, 3 Jun 49

The Ministry of Internal Affairs Tadzhik SSR, is recruiting students for the fire-fighting officers school. Men from 18 to 22, who have completed high school and are of the local nationality, are accepted.

For information, apply: No 3 Kuybyshev Prospekt, Stalinabad; telephone, 2-81.

LENINABAD MINING SCHOOL OPENS -- Komsomol'skaya Pravda, No 136, 11 Jun 49

A technical school has been opened in Leninabad which will prepare mine foremen, heads of underground work sections, and mechanics for compressor installations for the mining industry of Tadzhikistan.
